4. Visual Representation of Mobile Network Protocol Stacks

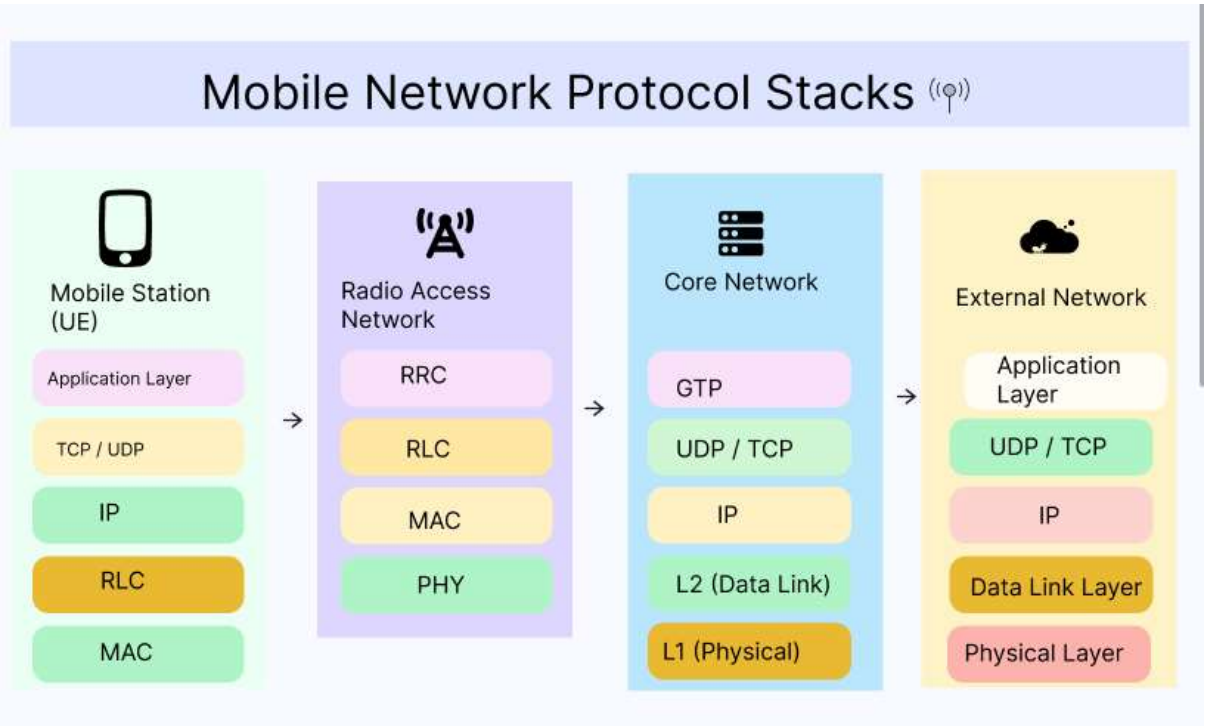

Aim:
To create a visual representation in Figma highlighting the key elements of mobile network protocol stacks.

Procedure:

1. Open Figma and create a new design file.
2. Create a suitable frame for the protocol stack diagram.
3. Add the Physical Layer (PHY).
4. Add the Medium Access Control (MAC) layer.
5. Add the Radio Link Control (RLC) layer.
6. Add the Packet Data Convergence Protocol (PDCP) layer.
7. Add the Radio Resource Control (RRC) and NAS layers.
8. Arrange the layers in a vertical stack and use different colours.
9. Add labels and arrows to represent the communication flow.

Output:

Result:
A visual representation of mobile network protocol stack layers was successfully created using Figma.
